MESSAGE FROM THE TEAM

It is safe to say that this past year has been anything but conventional. We never could have foreseen the complications and heartache that this pandemic could have brought us, but also the strength it would help us to build, the skills it would force us to develop, and the opportunity it would give us to “serve outside the box”. We have been constantly amazed by all that you do. From “Connecting the DOTs” to chapter visits and everything in between, we have watched in awe as Idaho FFA has overcome our less than ordinary circumstances and taken the opportunity to serve and grow in ways that have never been done before.

Strength is found in community, and your FFA Family can be one of your greatest strengths, as it has been for the six of us. Stay true to who you are and step outside of your comfort zone often, making the most out of your time in the blue jacket.

We are excited to celebrate 90 years of Idaho FFA history through this year's Virtual State Convention! As we watch, may we find ourselves CONNECTING with our inner leaders, fellow members, and communities. From the recognition of members and all they have accomplished this year, to honorary recognitions, retiring addresses, and the installation of your 2021-2022 Idaho FFA State Officer Team, there is so much we cannot wait to share with you! As we hang up our jackets, we encourage you to continuously look for ways to CONNECT with your inner leader and reach out to those around you. Thank you for the opportunity to serve you.

Sincerely,

-The 2020-2021 Idaho FFA State Officer Team
